

COLORSKINZ

Color Skinz™

PATENTED AND PROTECTED - Patent #77533226
 Color Skinz™ are snap on plastic covers that match the shape of our extruded aluminum equipment structure. The Skinz™ are offered in endless colors and are made of a non-porous chemical resistant material that is easily washed and kept looking like new. Equipment owners can color match their brand throughout the tunnel. Even after years of operation, an entire tunnel full of equipment can be reskinned and older equipment can present a fresh, updated look.

COLOR SKINZ™ WITH ACCENTS

- ✓ **CORPORATE BRANDING**
Emphasize your brand identity with 54 color scheme variations.
- ✓ **HIGHLIGHT AN APPLICATION OR SERVICE**
Call attention to a specific "upsell" product.
- ✓ **CONCEALS UTILITIES**
Display an incredible clean looking bay.
- ✓ **RE-IMAGE YOUR WASH**
Quick, easy and inexpensive to replace if your facility looks tired.
- ✓ **EASILY CLEANED**
Will NOT corrode, etch, peel, or rust as other coatings and structures can.
- ✓ **VERSATILE**
Color Skinz™ don't only look great, but they have functionality in hiding utility runs behind them.
- ✓ **DURABLE**
Color Skinz™ are made from UV resistant Ultra-high-molecular-weight polyethylene (UHMWPE)

COLOR SKINZ™

Our Color Skinz™ structure wrap provides an opportunity for added appeal, corporate branding, ease of cleaning, and it hides utilities.

COLOR SKINZ™

“Color Skinz™ are really versatile... They don't only look great, but they have functionality in hiding utility runs behind them”

Color Skinz™

F2B Mitter - Blue Color Skinz, Blue Accents, Red Cloth
